This is your chance to not only explore GRAMMY Museum filled with such history and authentic artifacts of some of the world's top artists, but also to engage in one of our interactive workshops and maybe try your hand at inserting your voice into a scene. Alongside our amazing GRAMMY Museum team will be a special guest (to be announced later) who will help bring a voice or a song to some fun characters. Afterwards see some of this magic in action as we watch the new Dreamworks movie, *Trolls*.
