

**CADETTES! OCTOBER 25, 2014!**

Invent It. Build It. is a collaborative event of the Society of Women Engineers, Girl Scouts and Design Squad, made possible through a generous grant from the ExxonMobil Foundation.

The Society of Women Engineers (SWE), Girl Scouts, WGBH's Design Squad Nation, and the ExxonMobil Foundation have teamed up for the 5th annual *Invent It. Build It.* event. Our theme this year is A Global Exchange for Change.

The SWE Girls Program for girls in grades 6-8 is *Invent It. Build It's* main event. The girls will have the opportunity to experience the creative and innovative sides of engineering through hands-on projects alongside real engineers. The program will run from 9:00am-3:30pm and participants are asked to stay for the entire program.

### **The girls will:**

- Work with SWE members from around the world on hands-on engineering activities
- Meet real engineers and learn what they do
- Make new friends
- Explore the Invent It. Build It. EXPO during exclusive hours to learn about clubs, camps, competitions, and much more.
- Get an Invent It. Build It. t-shirt, bag and lots of other goodies
- Be eligible to win raffle prizes
- Have lunch with the SWE engineers (lunch provided)

The cost to attend is \$7 and [pre-registration is required](#)

### **The parents will:**

- Participate in the Parent/Educator Program (PEP) for adult advocates
- Parents and educators will learn about engineering careers, scholarships, college admission and resources.
- After the SWE Girls and Parent Educator Program have walked through the EXPO we will open the doors to everyone else.

The cost to attend is \$5 and [pre-registration is required](#).
