

Volunteers of the Month

Susan Diamond

Marina Service Unit

Susan makes our cookie season possible. Her beat as Product Boothing Chair helps all of the troops have booths on the days and times they need them. She has excellent people skills and works well with the merchants and agencies in our area, convincing many of them to allow Marina troops to set up shop outside their establishments. Without Susan, no booths, without booths, fewer profits...and so on. We really depend on her. Susan kindly takes on this somewhat thankless task and we want her to know that we appreciate her...and thank her!!
